E SERIES

Film Processors

- A range of budget price dry-to-dry continuous film processors for 35mm, 120 and 70mm roll film.
- Minimum maintenance costs.
- Available in B/W, C41 and E6 versions. The E-Series will process anything from a test strip to a 30 metre roll.
- Low processing costs.
- An automatic replenishment system is available and double drop racks can be used to double the throughput speed of each model.
