

# ACTIVE ADVENTURE

## AWARD WINNING CD-ROM " *Discovering* the National Parks"

Active Adventure announce the launch of their first retail product, the CD-ROM "Discovering the National Parks" a winner of the national Information Society Creativity Award. Prepared with the full support of the Association of National Park Authorities, it is sponsored by both the outdoor specialists Berghaus and the Ordnance Survey, for whom there are dedicated sections.

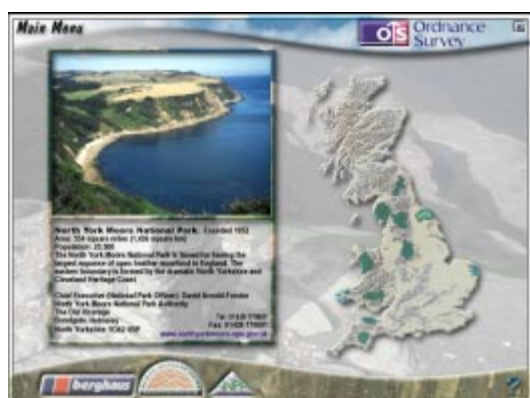

Covering all eleven of the National Parks, it presents the user with a landform map of the chosen park from which the many interactive features can be selected:-

- *Selectable walks with 3D map views*
- *Things to see and do*
- *55 x 360 degree panoramic views*
- *Geology maps*
- *Modern economy*
- *Public transport*
- *National Park special features*
- *Berghaus equipment information*
- *Gazetteer*
- *Web connectivity*
- *Events calendar updatable from the web*
- *Places of interest*
- *Today's weather information off the web*
- *Hundreds of pictures*
- *Youth hostels/camping barns/cycle hire*
- *Ordnance Survey map information*

This CD-ROM is targeted at all age groups interested in the outdoors, the environment and preservation of the countryside. The maps showing the public transport in each National Park, are supported by the Rural Development Commission.

For each CD sold a donation will be made to the Association of National Park Authorities to help fund a conservation project of its choice.

Priced at £24.99 it is available by mail order through us.
